

SAFETY SEAL®

IMITATED... BUT NEVER DUPLICATED

THERE IS A
DIFFERENCE.

LET'S TAKE A
CLOSER LOOK.

SAFETY SEAL®

- Complete rubber saturation.
- Consistent, uniform product
- Lab & Road Tested-USA Europe
- Makes a perfect seal in all tubeless tires (including "run-flats")

IMITATIONS

- Dry, uncoated yarn
- Inconsistent Quality
- May Cause Leakers

NEW IMPROVED!
• more special
rubber sealant!
• stronger yarn!

**REPAIR
CROSS
SECTION**

SAFETY SEAL®

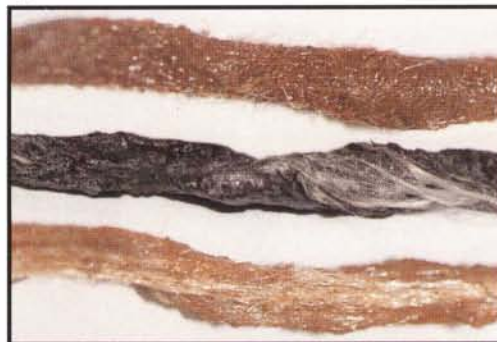

IMITATIONS

Total sealant saturation

Dry uncoated yarn

Individual yarns of **SAFETY SEAL®** vs. competitor's

SAFETY SEAL®
100% Rubber Saturation

IMITATIONS
Uncoated Exposed Yarn

WHICH REPAIR WOULD YOU TRUST??

Insist on **SAFETY SEAL®**
